ABOUT ME

I'm a web developer passionate about creating clean, user-friendly websites and turning ideas into functional digital experiences.

PORTFOLIO

project-1(ED-Tech)

A practice project

This was a practice project I worked on while I was a learner. This website is for an edtech company that sells courses and provides teaching. It is fully responsive. I used HTML, CSS, and Bootstrap to build it.

project-2(vagefood)

A practice project

This was a practice project I worked on while I was a learner. This website is for a company that sells organic fruits and vegetables. I used HTML, CSS, and Bootstrap to build it.

project-3(Abacus convention)

A practice project

This was a practice project I worked on while I was a learner. This website is for a convention center that hosts birthday parties, weddings, and other occasions. I used HTML, CSS, and Bootstrap to build it.

project-4(restaurant)

A practice project

This was a practice project I worked on while I was a learner. This is for a restaurant. I used HTML, CSS, and Bootstrap to build it.
